

Manufacturing startup Zetwerk raises \$150 million from D1 Capital

Manufacturing startup Zetwerk on Monday said it has raised \$150 million in a series E round led by D1 Capital, valuing the company at \$1.33 billion.

Other investors include Green Oaks and Lightspeed Venture who invested \$32 million and \$22.5 million respectively.

The company also plans to expand its manufacturing business overseas in various domains including oil, gas, aviation and consumer products according to CEO Amrit Acharya, a *PTI* report noted.
